GJ-Travel offers a large selection of solar eclipse tours (fixed departure/SIC tours) from 5-8 days with including the Total Eclipse on August 12th: https://www.gjtravel.is/iceland-solar-eclipse-tours/

Our Solar Eclipse tours combine Iceland's stunning landscapes, cultural treasures, and the rare opportunity to witness a celestial phenomenon. Days are filled with soft adventures, visits to iconic landmarks, and meaningful cultural experiences. The eclipse is viewed from carefully chosen locations in the western part of the country, where the sights are the strongest and longest. Accommodations are selected to enhance the experience, with the night of the eclipse spent in an ideal location for optimal viewing. Solar eclipse glasses are provided to ensure safe and clear viewing, and the experience is enriched by our professional guides who share their knowledge and insights.
